### About Cruzeiro

Cruzeiro Esporte Club was originally founded in January 1921 and its successes are unparalleled. The club, named after the constellation the Southern Cross, which can only be seen from the southern hemisphere, is a true embodiment of South America and Brazil. They are only one of three clubs to have participated in every edition of the Campeonato Brasileiro Série A. It is also the only Brazilian team to have won the domestic triple crown in every edition of the Campeonato Brasileiro Série A, the Copa do Brasil, and the Campeonato, all in one year. They have developed many major talents including Ronaldo, Maicon, and Gomes, to name a few.

### The Cruzeiro Philosophy

Cruzeiros program philosophy is based on the coaching ideal of not only developing complete soccer players, but the entire person as well. The Cruzeiro coaching staff emphasizes teamwork, skilled footwork, effective ball control, discipline, creative decision-making and self-control (on and off the field). The Cruzeiro philosophy is grounded in its rich history, excellent infrastructure and its proven track record of developing major talent within the soccer community.
